October Program: Ginny Eckley

Ginny Eckley will be presenting her lecture entitled *Understanding Creativity*. Says she:

We are all creative in different ways. Learn what scientists and writers have to say about developing and increasing creativity. Find out what successful people in other fields do to problem solve. Listen to the latest discoveries on left and right brain thinking. The talk is followed by slides, showing my use of these ideas through my artwork.

Ginny's artistic endeavors range from creating and experimenting in her studio, to teaching art, and writing. A passion for nature has provided her with boundless ideas and mysteries to uncover. You

may have seen some of her quilts on display in the Dallas area recently. She had works displayed as part of Quiltmania II in an exhibit at the Irving Arts Center, and was also a ribbon winner in the 2008 edition of Dallas Quilt Celebration. Her two entries featured images of birds in urban landscape settings.

She is an active member of the Fiber Artists of Houston. She chaired the Federation Show, a juried event involving three chapters of Fiber Artists. The show opened at The Arts Alliance at Clear Lake, Texas, then traveled to Slater Mill Museum in Rhode Island from May until August, 2004, and on to the Travis Towers, Houston, from October to December, 2004.

Ginny authored a book on *Fabric Painting*, released in April 2000, by Fiber Studio Press, Martingale Publishing, was featured in *Quilting Masterclass*, a book "from 50 of the worlds finest artists," Quarto Publishing, 2000, and also authored *Quilted Sea Tapestries*, a book on machine embroidery published in 1995, and reprinted in 1996.

Ms. Eckley has explored a number of techniques for building texture - both visual and tactile - on her quilts. Machine embroidery, machine beading, photo silkscreen, fabric painting, and more. Because her classes are hands-on opportunities to try new techniques, classes taught in Houston during the International Quilt Festival have always been popular.

The Guild is offering two of her workshops:

- **Friday, October 2, 2009 - Free Motion Embroidery**
Using a machine that has zig-zag abilities, learn to add texture and detail that has your viewer wondering how you did that! We'll do fun techniques like creating cords, sew on beads, and even a dash of paint to get special effects.

Print & Paint

Learn how to quickly create layers of imagery. We'll be dyeing, painting and printing to create depth and mystery. Techniques with dye will show you how to achieve a variety of textures, and how to get even colors. Using paint and silk-screens, we'll add detail and imagery.

Library News

Marte Keller, Librarian

The Guild recently purchased 11 exciting, new books for the library.

Layer Cake, Jelly Roll and Charm Quilts by Pam Lintott provides 17 beautiful projects that show you how to get the most from those pre-cut fabric bundles we all love.

For an easy creative approach to design, *Quilts on the Double: Dozens of Easy Strip-Pieced Designs* by Judy Hooworth & Margaret Rolfe takes one group of strip sets, cuts them into triangle units and then rearranges these into 15 spectacular quilts.

If you like to applique or would like tips on improving your technique, three new books really take applique up a notch: Sharon Schamber's & Christy Fincher's *Piece by Piece: Machine Applique*, Marsha Radtke's *A*

Baltimore Album: 25 Applique Patterns and Elly Sienkiewicz's *Baltimore Elegance: A New Approach to Classic Album Quilts*.

For those who would like a slightly different approach to the log cabin pattern, we have: *Judy Martin's Log Cabin Quilt*, Sara Nephew's and Marci Baker's *Not your Grandmother's Log Cabin* and Brenda Brayfield's *Log Cabin: Rediscovered by Machine*.

After Sharyn Craig's wonderful presentation at our April meeting we knew we needed to get a couple of her books. *Setting Solutions* and *Great Sets: 7 Roadmaps to Spectacular Quilts* are now part of our library.

Miniatures in Minutes: 24 Paper-Pieced Projects complete your Quilt with a Single Foundation by Terrie Sandelin provides fast and easy techniques for accurate paper piecing.

We are always adding books to the Guild's collection of more than 600 books either from donations or purchases. Stop by the Library table before any meeting and have a look. You can also find a listing of the books on the Guild's web site: <http://www.quiltersguildofdallas.org>, click on "Events & Links" on the side bar and it will take you to the page that has the "Library Book Listings".

Be the first on your block to own a Quilt Celebration 2010 Tee shirt!

They will be available at the October Guild Meeting. In response to your requests, this year we will have a new line of women's tee shirts with a scoop neck in addition to our regular shirts. The ladies shirts will run about one size smaller than the unisex shirts so be sure and check the sizing. Stop by the Guild Store Table at the meeting and purchase your new Log Cabin Odyssey shirt so you can start wearing it now to advertise the 2010 show to all your friends and fellow quilters.

2010 Mini Auction Update

Bonnie McElearney (bonnie-mac@sbcglobal.net) and Mary Lord (world1explorer@aol.com)

Your support of the mini auction is truly awesome. Whether you have made a mini, volunteered to assist with the auction or bid on a mini . . . we couldn't do it without you. Thanks to all!!!

This year the Mini Auction Funds will be donated to **The Senior Source**. The Senior Source, a United Way Partner, will use the funds to support and train their volunteers who assist frail, vulnerable elderly citizens with personal and financial affairs. The Guardianship and Money Management Program volunteers visit and improve the quality of life of elder citizens who can no longer make safe, appropriate decisions for themselves. Volunteers visit twice a month to provide social contact and help prevent abuse, neglect and exploitation.

Please consider creating a mini for this important

organization. With referrals that have recently increased over 48%, they will greatly benefit from your creativity.

Mini quilt guidelines include the following:

- No one side is larger than 25".
- Interior blocks can be no larger than 4 inches. Exceptions are made for original designs, whole cloth quilts, medallion quilts.
- Fusible products will be accepted with traditionally recognized finishing techniques, such as edges turned under or covered by stitching.
- A hanging sleeve must be sewn to the top of the back of the quilt.
- Attach a muslin label that includes the name, year made and any other appropriate information.

Workshops and Programs

Phyllis Rueckert, Vice President

I hope you have enjoyed the great programs this year. I am still thinking about our speaker last month, David Taylor, and all he has accomplished in 8 years. You may not have heard, but we had an unfortunate situation last month when David became very ill and couldn't teach one day of the two-day workshop. We had to go into Plan B. I would like to thank the wonderful attendees who were so cooperative and willing to be flexible. I admire their spirit. I think we can expect to see some lovely quilts from the David Taylor workshop at future meetings.

Did you know that the Guild contracts with the speakers more than a year in advance? We are working on 2011 right now. If you have a suggestion for a speaker or an idea for a program, please let me know. While I can't make any promises, we will definitely consider your suggestions. We would like some new ideas, so if you happen to hear about someone or you hear a good lecture or attend a fun class during the Houston International Quilt Festival later this month, get contact information, and pass it on!

Have you attended a workshop in 2009? There are just two meetings with workshops remaining this year. Give it a try! One just might change your life.

Coming November 5, 2009
Melody Crust

<http://www.melodycrust.com>

A nationally celebrated fabric artist, Melody Crust is renowned for her quilting talent. Her work has been shown in any number of juried shows and exhibitions, gathering awards as they go, and is coveted by private collectors around the world. She has traveled to virtually every part of the country, bringing her natural teaching ability and contagious enthusiasm to quilters everywhere. Her extremely

popular lectures and workshops are always well received - students often return again and again for another helping of her expertise!

Her book, *Quilt Toppings; Fun and Fanciful Embellishment Techniques*, taps into the strong emerging trend toward embellishment of quilt surfaces. Paint, foil, paint sticks, thread, crayons, buttons, ribbons and beads are all readily available, fun, easy and non-messy ways to add that final design element to traditional and non-traditional quilts.

Melody has appeared on both television and radio. In addition to her book, *A Fine Line: Techniques and Inspirations for Creating the Quilting Design*, co-written with Heather Waldron, her quilts and writings have been featured in dozens of books, magazines and other publications, including *Quilter's Newsletter Magazine*, *Quilters World*, and *Patchwork Quilts*.

Her lecture is entitled: *Quilt Toppings-Fun and Fanciful Embellishments*. This lecture covers the same ground as her book of the same title (see above.) She will have many real examples to share.

Workshop

Eye Candy Quilts and Decorative Labels - Combining two of Melody's half-day workshops into a full day of fun.

- **Eye Candy Quilts**

Eye Candy quilts are stunning mini-quilts that are so much fun to make they should be illegal! They can be finished in practically no time and adding beads, buttons, ribbons, paint, feathers and a myriad of other commonly available materials is so fun and easy that ANY

quilter will be dazzled. Finished quilt will be about 2 1/2 x 3 inches.

- **Decorative Labels**

Quilts personalized decoratively will enhance their value and interest with age. Using techniques developed for her pattern publications, Melody will help you to identify your quilts with

permanent, colorful and attractive labels!
